Hello, my name is Israel Olurotimi, and I'm a UI/UX Designer living in Lagos, Nigeria. I've worked on digital products for about 3 years, the majority of which has been UI/UX. I am a good listener, a critical thinker, and a team player who is open-minded and enjoys working hands-on, understanding the broad picture while paying attention to the details. I consider myself a lifelong learner who believes in combining ideas, concepts, and cultures in order to solve problems and improve daily life.
